# CARTOON COMMISSIONS

Tuesday, June 15, 2021

Hi! Thanks for inquiring about my cartoon art commissions. My name is [Gerard de Souza](#) and I'm a cartoonist with decades' experience in animation, gaming and illustration. [\(An incomplete IMDB listing\)](#)

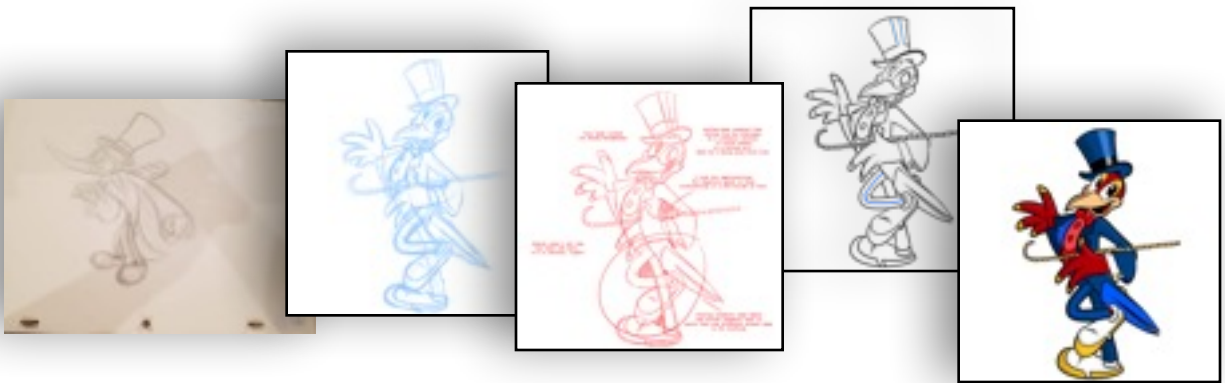

- For all digital art, I will not only give you a jpg and a png of the character on a transparent background, but the photoshop files with layers so you can see all the rough work and stages behind my process.
- Base prices will be multiplied per character per composition.
- All prices are Canadian!
- Shipping in North America included for traditional media art !
- Be sure to communicate your request through my [Instagram DM](#) or [my email](#) (the best) before we agree and paying me through Paypal, under my email address. As I am relatively careful and discretionary, Messenger through Facebook is only recommended if you are already my "friend". See my [Instagram](#) for examples of my styles of art I can make for you.

## The Process:

- Review my Instagram posts to get an idea of my influences & styles.
- Contact me through [Instagram](#) or [email](#).
- We discuss.
- Submit your character in a format I can reference.
- Payment is upfront via paypal.
- This is not intended to design or develop from scratch, or redesign your character, but rather I use your character as a springboard concept to give you your character one of several styles I can emulate, reflecting your intentions from your concept, applying and explaining my design theories behind my choices on your character. You will be buying my drawn interpretation concept of your drawn character concept rather than a micro-directed design by the client. This limits revisions for my sake & sanity, but what the client gets, complete ownership of art and visual approach of a version of their OC, is “priceless”.
- You review one (1) tied-down rough version to sign-off completion. Any changes discussed will be in the final version.
- I give you jpg, png (with character on transparent background) and PSD with layers showing my process and notes behind the choices.
- Your character and my art of your OC are 100% **your** intellectual property to do with as you wish, I am a work-for-hire although I appreciate a mention if & when you share on social media. I retain the right share, representing the work as a client’s OC, albeit low resolution, watermarked throughout.

**Commission Catalog & Pricing:**
